Art History Challenge

Read this biography about Leonardo da Vinci. Then, do the challenge!

Leonardo da Vinci was an artist, scientist, and inventor during the Italian Renaissance. He is considered by many to be one of the most talented and intelligent people of all time.

Leonardo was born in the town of Vinci, Italy on April 15, 1452. About the age of 14 he became an apprentice to a famous artist named Verrocchio. This is where he learned about art, drawing, painting and more.

Leonardo da Vinci is regarded as one of the greatest artists in history. He excelled in many areas including drawing, painting, and sculpture. Although we don't have a lot of his paintings today, he is probably most famous for his paintings and also gained great fame during his own time due to his paintings. Two of his most famous paintings are the *Mona Lisa* and *The Last Supper*.

Many of da Vinci's drawings and journals were made in his pursuit of scientific knowledge and inventions. His journals were filled with over 13,000 pages of his observations of the world. He drew pictures and designs of hang gliders, helicopters, war machines, musical instruments, various pumps, and more.
