

## **Newscaster Video**

Read *The Missing Necklace* **or** *Stop, Thief*. You can access these books through Benchmark (go through your Clever account). You only need to read one of the stories.

Once you have read the story of your choice, you will pretend you are a newscaster and report on the story. You will accomplish this by creating a video of you, the newscaster, reporting on the crime you just read about. You can use a smart phone or tablet to create your video. Be sure to include the following things...

- Provide the setting.
- Provide the names of the main characters.
- Describe the crime that has been committed.
- What clues were given in the story that helped solve the crime?
- Who solved the crime?
- How was the crime solved?
  
- Be sure to speak clearly and with expression.

Your video should be like a retell. Be creative and have fun!
